## INTRODUCTION

Council is required under the *Local Government Act 1995* to adopt a budget for each financial year. The budget contains a forecast of all income and expenditure of the Town and sets the rate in the dollar for the rates levied.

The 2023/24 draft budget has been developed from a number of informing documents including the Town's Corporate Business Plan, Long Term Financial Plan, Asset Management Plan and the 2022/23 Budget Review.

Council previously has not included a preamble or introduction to the Budget where the key components are highlighted. This introduction seeks to achieve the aim of better informing the community of the main areas in the Budget and of Council's Budget goals.

In summary the Budget is made up of the following key components:

1. Operating Budget
2. Capital Budget
3. Reserves
4. Fees and Charges
5. Community Donations
6. Loans
7. Rates

The 2023/24 Budget in its presented form is "balanced" neither having a surplus or deficit. The current opening surplus estimated for 2023/24 is \$2,262,580, which is estimated from the 2022/23 forecast. This figure will be finalised as part of the year end processing for 2022/23.

### 1. Operating Budget

A summary of the main areas of the Operating Budget are as follows:

- Inflation in Western Australia is currently running at around 5% and Councillors would be well versed in cost of living expenses such as fuel, building costs, insurance, utilities and the like. The extent of the continuation of the rise in inflation is not known and increases in a number of operating accounts reflect these estimated higher costs.
- EBA commitments have been factored into the draft Budget and are reflected in salaries and wages.
- Significant operating projects include the finalisation of Local Planning Strategy, Cottesloe Precinct Plan, Strategic Community Plan, Enterprise Resource Planning System (IT system replacement), Local Planning Scheme and Strategy Review, and CHRMAP project.
- The Federal Financial Assistance Grant of \$327K (untied) was received in 2022/23 and is therefore treated as income received in advance at the start of 2023/24.

- Income from commercial Leasing is temporarily reduced due to the Tenancy changeover and vacant period at Lot 149 Marine Parade.
- There is a decrease in income for parking fees & charges due to an unexpected reduction in infringement income, as temporary restrictions are no longer required in the second half of 2023/24.
- There is an increase in income for event hire due to an expected increase in number of events resulting in a greater collection of fees.
- There is an increase in interest earnings due to the balance of funds held in Reserve and higher interest rates.
- Insurance costs have continued to rise well above inflation due in the main to world economic circumstances and reinsurance costs.
- Waste collection and disposal remains a significant operating cost and forms part of the Town's regular level of service.
- There is an increase in cost for the Shark Barrier due to increased time it is in place.
- Council continues to support the Sculptures by the Sea event and the Procott organisation.
- Changes made to the Operating Budget at Council's meeting of 25 July 2023 were SpacetoCo commission reduced by \$25K and Youth Event reduced by \$10K.

## **2. Capital Budget**

A summary of the main expenditure areas of the Capital Budget are as follows:

- Eric Street Shared Path completion.
- East Cottesloe Playground Upgrade.
- Construction of Skatepark.
- Harvey Field Playground Upgrade.
- Anderson Pavilion completion.
- Live Streaming of Meetings.
- Jarrad Street Footpath renewal.
- Reconstruction of Right of Way # 7.
- North Cottesloe Public Toilets improvements.
- Additional ACROD Parking Bays.

- Changes made to the Capital Budget at Council's meeting of 25 July 2023 were Seaview Golf Club Tee Box Relocation removed of \$56,133 with \$30K transferred to the Infrastructure Reserve, \$10K to the Skatepark and Overheads allocated evenly across the board.

### **3. Reserves**

The Town enters 2023/24 with a healthy Reserves of just under \$9 million as well as \$654,203 of Trust monies (Cash in Lieu of Public Open Space).

Major movements proposed for Reserves in 2023/24 are as follows:

- Transfer from Information Technology Reserve in 2023/24 for the new Enterprise Resource Planning System (IT system replacement). The balance in this Reserve is \$849,582. Funds transferred will be those that are required to complete the works which may see some funds remaining depending on final costs.
- Transfer from Cash in Lieu of Public Open Space (Trust monies) is for the East Cottesloe Playground and Harvey Field Playground Upgrade.
- Transfer from Property Reserve in 2023/24 is mainly for Anderson Pavilion which has been extended from 2022/23.
- The reduction in proposed transfers from the Foreshore Development Reserve is due to the delay with the foreshore development.
- There is an estimated \$300,000 in interest anticipated to be transferred to Reserves in 2023/24.
- A transfer to the Infrastructure or Foreshore Reserve of \$267,224 is included as part of the draft 2023/24 Budget in order to assist to fund future infrastructure projects identified in the Long Term Financial Plan and Asset Management Plan.

### **4. Fees & Charges**

The 2023/24 Schedule of Fees & Charges had remained similar to prior years with inflationary increases only except below where some new fees have been introduced.

- Large Event Bond increased from \$10,000 to \$20,000.
- Clarity of cancellation within 7 days of booking when 120 days out or more.
- Fees associated for pre-event setup (bump in) and post event dismantle/ clean up (bump out).

### **5. Community Donations**

Community Donations were considered at the first Budget Workshop.

## **6. Loans**

There are no new loans in the draft Budget. Aside from self supporting loans the Town has only 1 loan being for the Grove Library. As at 30 June 2023 this loan has Principal outstanding of \$2,336,253 and is due to conclude in September.

## **7. Rates**

As per Council's direction at the 25 July 2023 Council meeting a 4% rate yield increase has been applied to all rates, resulting in an additional \$397,290 in total rates (inclusive of additional interim rates received in 2022/23). Gross Rental Valuations within the district have risen on average by 22% and the rate in the dollar has consequently been reduced by a corresponding amount after the 4% increase was applied. Large developments proposed in the district should see the rate quantum increase over the next 5 to 10 years.

A 1% rate increase is the equivalent of \$118,337.

**TOWN OF COTTESLOE**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30 JUNE 2024**

**1 (a) BASIS OF PREPARATION**

The annual budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Town to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Financial reporting disclosures in relation to assets and liabilities required by the Australian Accounting Standards have not been made unless considered important for the understanding of the budget or required by legislation.

**The local government reporting entity**

All funds through which the Town of Cottesloe controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to the annual budget.

**2021/22 actual balances**

Balances shown in this budget as 2022/23 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

**Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

**Comparative figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**Initial application of accounting standards**

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
- AASB 2020-6 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current - Deferral of Effective Date

It is not expected these standards will have an impact on the annual budget.

**New accounting standards for application in future years**

The following new accounting standards will have application to local government in future years:

- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates
- AASB 2021-6 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards

It is not expected these standards will have an impact on the annual budget.

**Judgements, estimates and assumptions**

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
- estimated useful life of assets

**Rounding off figures**

All figures shown in this statement are rounded to the nearest dollar.

All land (other than exempt land) in the Town of Cottesloe is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Town of Cottesloe.

The general rates detailed for the 2023/24 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30 JUNE 2024**

**3 (d) NET CURRENT ASSETS (CONTINUED)**

**SIGNIFICANT ACCOUNTING POLICIES**

**CURRENT AND NON-CURRENT CLASSIFICATION**

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Town's operational cycle. In the case of liabilities where the Town does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Town's intentions to release for sale.

**TRADE AND OTHER PAYABLES**

Trade and other payables represent liabilities for goods and services provided to the Town prior to the end of the financial year that are unpaid and arise when the Town of Cottesloe becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

**PREPAID RATES**

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Town recognises revenue for the prepaid rates that have not been refunded.

**INVENTORIES**

**General**

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

**Superannuation**

The Town of Cottesloe contributes to a number of superannuation funds on behalf of employees.

All funds to which the Town of Cottesloe contributes are defined contribution plans.

**LAND HELD FOR RESALE**

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

**GOODS AND SERVICES TAX (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**TRADE AND OTHER RECEIVABLES**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Town applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

**PROVISIONS**

Provisions are recognised when the Town has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**EMPLOYEE BENEFITS**

**Short-term employee benefits**

Provision is made for the Town's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Town's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Town's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

**SIGNIFICANT ACCOUNTING POLICES**

**CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

**FINANCIAL ASSETS AT AMORTISED COST**

The Town classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contrForecast cashflows, and
- the contrForecast terms give rise to cash flows that are solely payments of principal and interest.

**SIGNIFICANT ACCOUNTING POLICIES**

**DEPRECIATION**

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Buildings	33 to 159 years
Furniture and equipment	2 to 15 years
Plant and equipment	2 to 10 years
- Roads - Formation/Subgrade	Not depreciated
- Roads - Pavement	60 to 100 years
- Roads - Seal	20 to 35 years
- Roads - Kerbing	60 to 80 years
- Right of Ways - Formation/Subgrade	Not depreciated
- Right of Ways - Pavement	60 to 100 years
- Right of Ways - Seal	20 to 35 years
- Right of Ways - Kerbing	60 to 80 years
- Car Parks - Formation/Subgrade	Not depreciated
- Car Parks - Pavement	60 to 100 years
- Car Parks - Seal	20 to 35 years
- Car Parks - Kerbing	60 to 80 years
- Drainage	80 to 100 years
- Footpaths	20 to 60 years
- Lighting and Electrical	20 years
- Parks & Ovals	10 to 40 years
- Streetscapes	15 to 25 years
- Miscellaneous	25 to 60 years
- Irrigation	20 to 100 years
Right of use - plant and equipment	Based on the remaining lease

**AMORTISATION**

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.

LEASES	LEASE LIABILITIES
At the inception of a contract, the Town assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.	The present value of future lease payments not paid at the reporting date discounted using the incremental borrowing rate where the implicit interest rate in the lease is not readily determined.
At the commencement date, a right-of-use asset is recognised at cost and a lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Town uses its incremental borrowing rate.

**SIGNIFICANT ACCOUNTING POLICIES**

**Investments in associates**

An associate is an entity over which the Town has significant influence. Significant influence is the power to participate in the financial operating policy decisions of that entity but is not control or joint control of those policies. Investments in associates are accounted for in the financial statements by applying the equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Town's share of net assets of the associate. In addition, the Town's share of the profit or loss of the associate is included in the Town's profit or loss. recognised.

The carrying amount of the investment includes, where applicable, goodwill relating to the associate. Any discount on acquisition, whereby the Town's share of the net fair value of the associate exceeds the cost of investment, is recognised in profit or loss in the period in which the investment is acquired.

**Investments in associates (continued)**

Profits and losses resulting from transactions between the Town and the associate are eliminated to the extent of the Town's interest in the associate. When the Town's share of losses in an associate equals or exceeds its interest in the associate, the Town discontinues recognising its share of further losses unless it has incurred legal or constructive obligations or made payments on behalf of the associate. When the associate subsequently makes profits, the Town will resume recognising its share of those profits once its share of the profits equals the share of the losses not recognised.

**16. TRUST FUNDS**

Funds held at balance date which are required by legislation to be credited to the trust fund and which are not included in the financial statements are as follows:

<b>SPECIAL EVENTS</b>						
(Large events as defined by Outdoor Concerts and Large Events Policy) CIVIC CENTRE						
The following fees and bonds are in addition to any fees prescribed by regulation that may be applicable to the staging of an event. Where noise monitoring and associated reports are specifically requested they are to be provided at the applicants cost. Where there is to be amplified music, either from live bands or DJ's, the requirement is for noise levels to be monitored throughout the event or as directed by the Environmental Health Officer, and a report submitted. As and when determined by the Environmental Health Officer, where an officer is required to attend an event for the purpose of monitoring or inspection, the officer's time will be charged at a rate as per these fees and charges (under Town Officer Time) per hour or part thereof, including travelling time.
