**TOWN OF COTTESLOE  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES**

**(a) Basis of Preparation**

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this budget are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the budget has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

**The Local Government Reporting Entity**

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 16 to this budget document.

**(b) 2017/18 Actual Balances**

Balances shown in this budget as 2017/18 Actual are as forecast at the time of budget preparation and are subject to final adjustments.

**(c) Rounding Off Figures**

All figures shown in this budget, other than a rate in the dollar, are rounded to the nearest dollar.

**(d) Rates, Grants, Donations and Other Contributions**

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

**(e) Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a Gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

**(f) Superannuation**

The Council contributes to a number of Superannuation Funds on behalf of employees.

All funds to which the Council contributes are defined contribution plans.

**TOWN OF COTTESLOE**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(g) Cash and Cash Equivalents**

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in the statement of financial position.

**(h) Trade and Other Receivables**

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

**(i) Inventories**

***General***

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

***Land Held for Resale***

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

**(j) Fixed Assets**

Each class of fixed assets within either property, plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

***Mandatory Requirement to Revalue Non-Current Assets***

Effective from 1 July 2012, the Local Government (Financial Management) Regulations were amended and the measurement of non-current assets at Fair Value became mandatory.

**TOWN OF COTTESLOE**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(j) Fixed Assets (Continued)**

The amendments allow for a phasing in of fair value in relation to fixed assets over three years as follows:

- (a) for the financial year ending on 30 June 2013, the fair value of all of the assets of the local government that are plant and equipment; and
  - (b) for the financial year ending on 30 June 2014, the fair value of all of the assets of the local government -
    - (i) that are plant and equipment; and
    - (ii) that are -
      - (I) land and buildings; or
      - (II) infrastructure;
- and
- (c) for a financial year ending on or after 30 June 2015, the fair value of all of the assets of the local government.

Thereafter, in accordance with the regulations, each asset class must be revalued at least every 3 years.

In 2013, Council commenced the process of adopting Fair Value in accordance with the Regulations.

Relevant disclosures, in accordance with the requirements of Australian Accounting Standards, have been made in the budget as necessary.

***Land Under Control***

In accordance with Local Government (Financial Management) Regulation 16(a), the Council was required to include as an asset (by 30 June 2013), Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of state or regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land in accordance with the other policies detailed in this Note.

Whilst they were initially recorded at cost (being fair value at the date of acquisition (deemed cost) as per AASB 116) they were revalued along with other items of Land and Buildings at 30 June 2014.

***Initial Recognition and Measurement between Mandatory Revaluation Dates***

All assets are initially recognised at cost and subsequently revalued in accordance with the mandatory measurement framework detailed above.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Council includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework detailed above, are carried at cost less accumulated depreciation as management believes this approximates fair value. They will be subject to subsequent revaluation of the next anniversary date in accordance with the mandatory measurement framework detailed above.

**TOWN OF COTTESLOE  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(j) Fixed Assets (Continued)**

***Revaluation***

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

***Transitional Arrangement***

During the time it takes to transition the carrying value of non-current assets from the cost approach to the fair value approach, the Council may still be utilising both methods across differing asset classes.

Those assets carried at cost will be carried in accordance with the policy detailed in the ***Initial Recognition*** section as detailed above.

Those assets carried at fair value will be carried in accordance with the ***Revaluation Methodology*** section as detailed above.

***Land Under Roads***

In Western Australia, all land under roads is Crown land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in Australian Accounting Standard AASB 1051 Land Under Roads and the fact Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, Local Government (Financial Management) Regulation 16(a)(i) prohibits local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of AASB 1051, Local Government (Financial Management) Regulation 4(2) provides, in the event of such an inconsistency, the Local Government (Financial Management) Regulations prevail.

Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Council.

***Depreciation***

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

Street Furniture - S/F Shelter	10 years
- Timber shelter	10 years
- concrete shelter	20 years
- slab	50 years
- bins	10 years

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

***Capitalisation Threshold***

Expenditure on buildings construction, purchase of plant, furniture and equipment under \$1,000 is not capitalised. This threshold is \$5,000 for infrastructure construction.

**(k) Fair Value of Assets and Liabilities**

When performing a revaluation, the Council uses a mix of both independent and management valuations using the following as a guide:

Fair Value is the price that Council would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

**TOWN OF COTTESLOE  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(k) Fair Value of Assets and Liabilities (Continued)**

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset (i.e. the market with the greatest volume and level of activity for the asset or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (ie the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

***Fair Value Hierarchy***

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

**Level 1**

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

**Level 2**

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

**Level 3**

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

***Valuation techniques***

The Council selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Council are consistent with one or more of the following valuation approaches:

**Market approach**

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

**TOWN OF COTTESLOE  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(k) Fair Value of Assets and Liabilities (Continued)**

**Income approach**

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

**Cost approach**

Valuation techniques that reflect the current replacement cost of an asset at its current service capacity.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Council gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability and considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

As detailed above, the mandatory measurement framework imposed by the Local Government (Financial Management) Regulations requires, as a minimum, all assets carried at a revalued amount to be revalued at least every 3 years.

**(l) Financial Instruments**

**Initial Recognition and Measurement**

Financial assets and financial liabilities are recognised when the Council becomes a party to the contractual provisions to the instrument. For financial assets, this is equivalent to the date that the Council commits itself to either the purchase or sale of the asset (ie trade date accounting is adopted).

Financial instruments are initially measured at fair value plus transaction costs, except where the instrument is classified 'at fair value through profit or loss', in which case transaction costs are expensed to profit or loss immediately.

**Classification and Subsequent Measurement**

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or cost.

Amortised cost is calculated as:

- (a) the amount in which the financial asset or financial liability is measured at initial recognition;
- (b) less principal repayments and any reduction for impairment; and
- (c) plus or minus the cumulative amortisation of the difference, if any, between the amount initially recognised and the maturity amount calculated using the effective interest rate method.

**TOWN OF COTTESLOE**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(I) Financial Instruments (Continued)**

The effective interest method is used to allocate interest income or interest expense over the relevant period and is equivalent to the rate that discounts estimated future cash payments or receipts (including fees, transaction costs and other premiums or discounts) through the expected life (or when this cannot be reliably predicted, the contractual term) of the financial instrument to the net carrying amount of the financial asset or financial liability. Revisions to expected future net cash flows will necessitate an adjustment to the carrying value with a consequential recognition of an income or expense in profit or loss.

*(i) Financial assets at fair value through profit and loss*

Financial assets are classified at “fair value through profit or loss” when they are held for trading for the purpose of short term profit taking. Assets in this category are classified as current assets. Such assets are subsequently measured at fair value with changes in carrying amount being included in profit or loss.

*(ii) Loans and receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Loans and receivables are included in current assets where they are expected to mature within 12 months after the end of the reporting period.

*(iii) Held-to-maturity investments*

Held-to-maturity investments are non-derivative financial assets with fixed maturities and fixed or determinable payments that the Council’s management has the positive intention and ability to hold to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Held-to-maturity investments are included in current assets where they are expected to mature within 12 months after the end of the reporting period. All other investments are classified as non-current.

*(iv) Available-for-sale financial assets*

Available-for-sale financial assets are non-derivative financial assets that are either not suitable to be classified into other categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are included in current assets, where they are expected to be sold within 12 months after the end of the reporting period. All other available for sale financial assets are classified as non-current.

*(v) Financial liabilities*

Non-derivative financial liabilities (excl. financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in the profit or loss.

**TOWN OF COTTESLOE**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(l) Financial Instruments (Continued)**

***Impairment***

A financial asset is deemed to be impaired if, and only if, there is objective evidence of impairment as a result of one or more events (a "loss event") having occurred, which has an impact on the estimated future cash flows of the financial asset(s).

In the case of available-for-sale financial assets, a significant or prolonged decline in the market value of the instrument is considered a loss event. Impairment losses are recognised in profit or loss immediately. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

In the case of financial assets carried at amortised cost, loss events may include: indications that the debtors or a group of debtors are experiencing significant financial difficulty, default or delinquency in interest or principal payments; indications that they will enter bankruptcy or other financial reorganisation; and changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost (including loans and receivables), a separate allowance account is used to reduce the carrying amount of financial assets impaired by credit losses. After having taken all possible measures of recovery, if management establishes that the carrying amount cannot be recovered by any means, at that point the written-off amounts are charged to the allowance account or the carrying amount of impaired financial assets is reduced directly if no impairment amount was previously recognised in the allowance account.

***Derecognition***

Financial assets are derecognised where the contractual rights for receipt of cash flows expire or the asset is transferred to another party, whereby the Council no longer has any significant continual involvement in the risks and benefits associated with the asset.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

**(m) Impairment of Assets**

In accordance with Australian Accounting Standards the Council's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another standard (e.g. AASB 116) whereby any impairment loss of a revaluation decrease in accordance with that other standard.

**TOWN OF COTTESLOE**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(m) Impairment of Assets (Continued)**

For non-cash generating assets such as roads, drains, public buildings and the like, value in use is represented by the depreciated replacement cost of the asset.

At the time of adopting this budget, it is not possible to estimate the amount of impairment losses (if any) as at 30 June 2018.

In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget document.

**(n) Trade and Other Payables**

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

**(o) Employee Benefits**

**Short-Term Employee Benefits**

Provision is made for the Council's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Council's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Council's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

**Other Long-Term Employee Benefits**

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service. Other long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations or service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Council's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Council does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**TOWN OF COTTESLOE**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30TH JUNE 2019**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(p) Borrowing Costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

**(q) Provisions**

Provisions are recognised when the Council has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**(r) Current and Non-Current Classification**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where the Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Council's intentions to release for sale.

**(s) Comparative Figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current budget year.

**(t) Budget Comparative Figures**

Unless otherwise stated, the budget comparative figures shown in this budget document relate to the original budget estimate for the relevant item of disclosure.

**(b) Statement of Objective**

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Town's Community Vision, and for each of its broad activities/programs.

**COMMUNITY VISION**

To preserve and improve Cottesloe's natural and built environment and beach lifestyle by using sustainable strategies. Members of the community will continue to be engaged to shape the future for Cottesloe and strengthen Council's leadership role

**GOVERNANCE**

Objective: To provide a decision making process for the efficient allocation of scarce resources.

Activities: Administration and operation of facilities and services to members of council; Other costs that relate to the tasks of assisting elected members and ratepayers on matters which do not concern specific council services.

**GENERAL PURPOSE FUNDING**

Objective; To collect revenue to allow for the provision of services.

Activities; Rates, general purpose government grants and interest revenue.

**LAW, ORDER, PUBLIC SAFETY**

Objective; To provide services to help ensure a safer community.

Activities; Supervision of various by-laws, fire prevention, emergency services and animal control.

**HEALTH**

Objective; To provide an operational framework for good community health.

Activities; Food quality and pest control.

**EDUCATION AND WELFARE**

Objective; To meet the needs of the community in these areas.

Activities; Operation of senior citizens' centre, day care centres and pre-school facilities; assistance to playgroups and other voluntary services.

**COMMUNITY AMENITIES**

Objective; Provide services required by the community.

Activities; Rubbish collection services, operation of tips, noise control, administration of the town planning scheme.

**RECREATION AND CULTURE**

Objective; To establish and manage efficiently infrastructure and resources which will help the social and well being of the community.

Activities; Maintenance of halls and reserves; operation of the library.

**TRANSPORT**

Objective; To provide effective and efficient transport services to the community.

Activities; Construction and maintenance of streets, roads, bridges, cleaning and lighting of streets, traffic lights; depot maintenance.

**TOWN OF COTTESLOE  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2019**

**2. REVENUES AND EXPENSES (Continued)**

**(b) Statement of Objective (Continued)**

**ECONOMIC SERVICES**

Objective; To help promote the Town and improve its economic wellbeing.

Activities; The regulation and provision of tourism, area promotion and building control.

**OTHER PROPERTY & SERVICES**

Activities; Private works operations, plant repairs and operation costs.

In accordance with council resolutions in relation to each reserve account, the purpose for which the reserves are set aside are as follows:

Area Improvement Reserve

- to fund the cost of improving facilities within the suburb of Cottesloe

Civic Centre Improvements Reserve

- to fund the cost of improvements, renovations, extensions to the buildings that makes up the Cottesloe Civic Centre

Waste Management Reserve

- to fund the improvement, replacement and expansion of waste management plant, equipment facilities and services within the suburb of Cottesloe

Leave Reserve

- to partially cash back the accumulated employee leave liability and to fund the payment of accumulated leave entitlements for Town of Cottesloe staff

Parking Reserve

- the purpose of this reserve is, in accordance with Council's Town Planning Scheme, to set aside funds from developers for the development of parking facilities

Property Reserve

- to contribute towards future property construction/renewal within the Town of Cottesloe

Infrastructure Reserve

- to contribute towards future infrastructure construction/renewal within the suburb of Cottesloe

Legal Reserve

- to contribute towards unanticipated legal expenses incurred by the Town of Cottesloe

Unspent Grants/Funds Reserve

- to carry forward available funding for uncompleted projects and grants that will be utilised in ensuing financial years.

TOWN OF COTTESLOE

Specified Area Rates (Note 9)							-	-
<b>Total Rates</b>							10,094,824	9,970,000

All land except exempt land in the Town of Cottesloe is rated according to its Gross Rental Value (GRV).

The general rates detailed above for the 2017/18 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

**TOWN OF COTTESLOE  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2019**

**8(a). RATING INFORMATION - 2018/19 FINANCIAL YEAR  
(continued)**

**OBJECTIVES AND REASONS FOR DIFFERENTIAL RATING**

To provide equity in the rating of properties across the Shire the following rate categories have been determined for the implementation of Differential Rating.

**GRV - Residential**

Properties within the townsite boundaries with a predominant residential use. This is considered to be the base rate by which all other GRV rated properties are assessed.

**GRV Residential Vacant**

Vacant properties located within the townsite boundaries excepting land zoned as Commercial and Industrial. The rate for this category is imposed at the same rate in the dollar as GRV - Residential (the base rate).

**GRV Commercial**

Properties used for commercial and industrial purposed and non - residential land. The rate of this category is imposed at the same rate in the dollar as GRV - Residential (the base rate)

**GRV Commercial**

Properties used for commercial and industrial purposed and non - residential land. The higher rate reflects the additional costs associated with area promotion and improvement. The Town works with the organisation known as ProCott to achieve these objectives.

**Minimum Rates**

The setting of minimum rates within the categories is an important method of ensuring all properties contribute an equitable rate amount.

**Advertised Differential Rate**

There was no change from the rate in the dollar previously advertised, however there was a change in minimum rate which was incorretly advertised at \$1,222.00 when it should have been \$1,122.00

<u>Differential Rate Category</u>	<u>As Advertised</u>		<u>Adopted Budget</u>	
	<u>Rate in the \$</u>	<u>Minimum Rate</u>	<u>Rate in the \$</u>	<u>Minimum Rate</u>
Differential General Rate (GRV)	0.06182	\$ 1,222.00	0.06182	\$ 1,122.00
Differential Rate - Town Centre Commercial (GRV)	0.07175	\$ 1,222.00	0.07175	\$ 1,122.00

**TOWN OF COTTESLOE  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2019**

**9. SPECIFIED AREA RATE - 2018/19 FINANCIAL YEAR**

There are no specified area rates included in the 2018/2019 budget.

**10. SERVICE CHARGES - 2018/19 FINANCIAL YEAR**

There are no service charges included in the 2018/2019 budget.

**11. FEES AND CHARGES**

	<b>2018/19 Budget \$</b>	<b>2017/18 Forecast \$</b>
General Purpose Funding	39,600	39,412
Law, Order, Public Safety	25,600	33,085
Health	93,094	87,443
Education and Welfare	22,915	22,861
Community Amenities	445,750	421,560
Recreation & Culture	370,050	396,332
Transport	711,000	820,800
Economic Services	149,600	227,550
	<u>1,857,609</u>	<u>2,049,043</u>

**12. RATE PAYMENT DISCOUNTS, WAIVERS AND CONCESSIONS  
- 2018/19 FINANCIAL YEAR**

**Incentive**

A discount is offered to residents and affiliated groups hiring the Civic Centre facilities and for multiple bookings.

**Incentive Arrangements**

10% discount for two or more consecutive Civic Centre facility bookings (excl War Memorial Town Hall).  
20% discount for residents and affiliated groups on Civic Centre facility bookings.

**Amount of Discount**

It is estimated that the above discounts will reduce revenue by around \$4,000.

**Waiving of Fees**

Fees for the hire of the War Memorial Town Hall are waived for hirers listed in Council's Policy on Civic Centre Hall Hire. By Council resolution, some events have their hire fees for Council facilities waived or reduced in recognition of their importance to the community.

**Value of Fees Waived**

It is estimated that the waiving of hall hire fees reduces revenue by approximately \$15,000.

**TOWN OF COTTESLOE  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2019**

**13. INTEREST CHARGES AND INSTALMENTS - 2018/19 FINANCIAL YEAR**

In accordance with regulations 27 of the Local Government (Financial Management) Regulations 1996, the information on interest and additional charges is provided:

**Charge for late payment of rates**

That a penalty interest rate of 11% per annum be applied to rates levied in the 2018/2019 financial year which remain unpaid after they become due and payable and where no election has been made.

The interest charge for the late payments of rates is estimated to raise revenue of \$42,500.

**Charge for Late Payment other than Rates**

A penalty interest rate of 11% will apply to any late payment other than a payment for rates. The interest rate will be applied to any amount owing for 35 days or more, from the date of issue of the invoice.

The interest charge for the late payments charges other than rates is estimated to raise revenue of \$2,000.

**Instalment Option Due Dates and Charges**

Instalment Due Dates : Instalments are due on the following dates

<b>Instalment</b>	<b>Due Date</b>
1st	27-August-2018
2nd	29-October-2018
3rd	07-January-2019
4th	11-March-2019

**Instalment Administration Charge**

An administration charge of \$24.00 will apply if payment of a rate or service charge is made by instalments.

The administration charge is estimated to raise revenue of \$21,500.

**Instalment Interest**

Instalment interest will apply at the rate of 5.5%

Instalment interest is estimated to raise revenue of \$37,500

<b>14. ELECTED MEMBERS REMUNERATION</b>	<b>2018/19 Budget \$</b>	<b>2017/18 Forecast \$</b>
The following fees, expenses and allowances were paid to council members and/or the Mayor.		
Meeting Fees	148,000	148,000
Mayor's Allowance	27,500	27,500

**RECREATION AND CULTURE - PUBLIC HALLS, CIVIC CENTRE - CONTINUED**

**SPECIAL EVENT HIRE (Large events as defined by Outdoor Concerts and Large Events Policy) CIVIC CENTRE**

The following Council fees and bonds are in addition to any fees prescribed by regulation that may be applicable to the staging of an event. Where noise monitoring and associated reports are specifically requested they are to be provided at the applicants cost. Where there is to be amplified music, either from live bands or DJ's, Council will require noise levels to be monitored throughout the event or as directed by the Environmental Health Officer, and a report submitted. As and when determined by the Environmental Health Officer, where Council staff is required to attend an event for the purpose of monitoring or inspection, the officer's time will be charged at a consulting rate of \$90.00 per hour or part thereof, including travelling time.

**Bonds** (payable on all event applications, at time of application; as per Council Policy)
