NEW TOILET FACILITY FOR COTTESLOE FORESHORE

Have your say about a proposed new toilet facility for the Cottesloe foreshore. The public toilet facility was presented to Council at the March 2021 Council Meeting with the 100% detail design of the Cottesloe Foreshore Master Plan. The Town is now seeking feedback on the concept design of the toilet facility and its location on the foreshore.

Find out more and complete a short survey at www.cottesloe.wa.gov.au/consultations/ by 5pm on Wednesday, 19 May 2021. Feedback received will be presented at an upcoming meeting for Council to determine the future of the proposed new facility.

ANZAC DAY - LEST WE FORGET

ANZAC Day was again commemorated a little differently this year and although the Town's usual gathering on the Main Lawn at Cottesloe Civic Centre was unfortunately cancelled, many members of the community paid their respects by participating in the driveway Dawn Service. Jon Sciortino, President of the Cottesloe RSL Sub-Branch recorded his ANZAC Day address which is available to view on the Town's facebook page at www.facebook.com/townofcottesloe/.

LOCATION OF SKATE FACILITY IN COTTESLOE

The Town is calling for expressions of interest from our community to attend a workshop to explore the options and provide input on the location of a proposed skate park facility in Cottesloe. At the March Council Meeting two locations were endorsed as a potential site, the Cottesloe foreshore and John Black dune, with the requirement for the Town to seek input from the community in regards to the shortlisted sites. There is still time to register your interest to attend however registration must be received by 5pm on Sunday, 9 May 2021. Find out more and register your interest at www.cottesloe.wa.gov.au/consultations/.

THE COVE ACCESS PATH COMPLETE

Upgrades at beach access path S15 (known as The Cove) are complete. The path opened recently and has been a welcome addition to the foreshore.

The path features new access stairs - Fibre Reinforced Plastic treads for the upper section and micro-mesh grating for the lower section with an anti-slip treatment for safety, and an upgraded access node with informal seating, shower and signage.

The Town's CEO Matthew Scott and Councillor Melissa Harkins checked out the new path earlier this week and were pleased to see it being very well used!
