

TOWN OF COTTESLOE

27 NOV 2012

RECEIVED

The Chief Executive Officer
Town of Cottesloe

Anthony King
5/9 Princes st. Cottesloe.
27 Nov. 2012

Dear Sir,

Further to my discussion with Mr. Trigg today, I wish to bring your attention to the state of disrepair of the lane at the rear of 9 Princes st. and request that the Town undertake urgent repairs. The northern 30m on to Avonmore tce. has many potholes, some dangerously deep, and someone is going to be injured because many nearby residents are retirees.

I am aware that the lane is privately owned and the owner will not do the work, that shifts the onus of responsibility to the Town which presumably cares about the safety and amenity of its residents. The lane is used by the Towns trucks which contribute disproportionately to the damage.

There is the old argument that the Town cannot do maintenance on private land, however this land is for public use [including yours], and only 30m. Please allocate funds to do this small job for the welfare of the community.

Yours Faithfully,

Anthony King [Sec. Body corp. 9 Princes st. Cottesloe]
