Verge Valet[™] is your pre-booked waste collection service. Book a collection for bulk or green waste for a date that suits you.

How it works

1. Get rid of the good stuff.

Verge Valet™ is for junk – see if you can sell, donate, repair or give away anything that's still usable before booking your collection.

2. Book your collection online.

3. Wait for confirmation, then place your junk on the verge no more than three days before your collection date. You'll receive an email and/or text message confirming your collection.

You can change one

if you prefer.

Frequently Asked Questions

How many collections can I book?

Each residential property is eligible for two free bulk waste collections and one free green waste collection per financial year. You can purchase additional collections through Verge Valet™ Extra.

How far in advance do I need to book?

Please book at least one week in advance. All available collection dates are listed on the website.

How can I change or cancel my booking?

You can change, cancel, or postpone your booking up to one business day before your collection date. Go to 'Changes and cancellations' on vergevalet.com.au or call the WMRC on 9384 6711.

I live in an apartment, can I use Verge Valet™?

Yes, Verge Valet[™] can be used by residents in apartments and units. If there are 25 or more units in your complex, please contact the strata manager or caretaker to book collections.

What can I put out for a Verge Valet™ collection?

There is a limit of 3m³ per collection. Where possible, items should not exceed 1.5m in length. See below for accepted items.

What won't be accepted?

Asbestos, batteries, building materials, household chemicals, glass panels, paint and vehicle parts cannot be collected through Verge Valet[™]. Drop these items off at the West Metro Recycling Centre (open 7 days a week) - some are free and some are for a fee.

Save your Verge Valet[™] collection for items that can't be reused. Flip the page to find out how to donate, sell, repair or reuse your good-quality items.

A linear economy depends on buying new, buying often, and throwing away last season's unwanted items – whether it's clothes, accessories, homewares, tech or toys – without really thinking about where they'll end up.

A circular economy is a system where materials and energy are kept circulating, at their highest possible value, for as long as possible, so nothing goes to waste.

LOOKING TO THE FUTURE

Becoming a **sustainable**, **low-waste**, **circular economy** is the vision of WA's waste strategy for 2030.

How to avoid creating waste

Choose loose fruit and veg • Remember your reusable coffee cup • Say no to a straw • Take a fabric bread bag to the bakery • Get to know your local bulk food store • Bring a reusable container for leftovers when you go out to dinner
